KAN MENG KHORN

Middleware Team leader

PROFILE

Passionate Middleware Team Leader with experience in designing scalable APIs, secure databases, and efficient system architectures. Skilled in backend frameworks, DevOps practices, and cloud infrastructure.

WORK EXPERIENCE

Cogetel (Online ISP) — Phnom Penh

Middleware Team Leader (2024–Present)

- Led a backend team delivering high-performance middleware services for ISP systems.
- Designed and implemented RESTful APIs for billing, sales automation, and banking integration.
- Optimized SQL queries and caching strategies to enhance system performance.
- Mentored junior developers and conducted regular code reviews.
- Key Projects:** Bank Integration API, Billing System, Mobile Sales Booking Automation

Backend Developer (2022–2024)

- Developed scalable APIs for mobile and web platforms using Spring Boot and PostgreSQL.
- Maintained and enhanced backend and frontend projects across multiple systems.
- Collaborated with cross-functional teams to define requirements and deliver solutions.
- Key Projects:** Core System API, HRMS, Billing System, Sales Mobile Platform

Senior Web Application Developer (2021–2022)

- Built web applications with PHP, React.js, and Vue.js.
- Collaborated with product and design teams to deliver responsive and user-friendly solutions.

Web Application Developer (2019–2021)

- Developed and maintained PHP/MySQL applications using modern frontend frameworks.
- Ensured system stability and delivered feature enhancements.

Easy Solution (2017–2019)

Web Application Developer

- Developed enterprise applications using CodeIgniter, Bootstrap, and jQuery.
- Provided system maintenance, bug fixes, and new feature development.

CamApp Solution (2016–2017)

Web Developer

- Delivered full-stack solutions for client projects using PHP and MySQL.
- Collaborated with frontend team to deliver modern and responsive UIs.

IT-Center School (2015–2016)

Web Developer Intern

- Assisted in website development projects using HTML, CSS, and PHP.
- Taught basic web development concepts to students as part of scholarship internship.
